Secretary to the Government of Mysore,

Revenue Department,

Bangalore

Sir

I have the honour to state that the President of the Municipal Council, Holenarsipur, reports that the Municipal Council propose the revision of the Octroi Establishment of their Municipality, and has submitted a proposition statement in support of the proposed revision for sanction

From the proposition statement, it is seen that the proposal of the Municipal Council is to increase the Octroi Establishment by two peons involving an additional expenditure of Rs 340/- per annum

2 According to Government Order No P 9888-9/M L 29-19-15 dated 28th February 1920, the existing scale of octroi establishment sanctioned for this municipality is four peons at an annual cost of Rs 480/- The Municipal Council seem to think that this establishment is not adequate enough to meet the increasing requirement of the municipality They state that one peon is necessary for each of the four Ookads within the Municipality and two peons are required for the Octroi Main Ookad It is reported that the Municipal Council have, within their powers, employed three additional octroi peons temporarily pending sanction of revision of permanent octroi establishment proposed by them

3 It is ascertained that the octroi collections were about Rs 8,290/- on an average of the past five years, the collection for 1921-22 being Rs 8430-1-9 or Rs 760-14-0 more than the

[illegible] cent collected during 1930-31 The cost of collection [illegible] increasing gradually year by year

In these circumstances, it seems to me that the proposal of the Municipal council may be accepted But in view of the fact that the Municipal Council have already been incurring heavy expenditure and that it is not desirable to add recurring charges, I recommend only one additional peon for the Municipality at a cost of Rs 120/- With this additional hand, the strength of the permanent octroi establishment will be a Mutsaddi and five peons at a cost of Rs 804/- instead of Rs 924/- as proposed by the Municipal Council, and I think that the octroi mutsaddi and a peon instead of 2, will quite do for the main Octroi Ookad

5. The entire correspondence ending with the President's report No 77/Dt [illegible]ted 13th December 1923, together with the resolutions of the Municipal Council received therewith is forwarded herewith and I request that you will be so good as to obtain sanction of Government to the increase of the Octroi establishment of the Municipality by one peon at a cost of Rs 120/- per annum, the expenditure being met out of Rs 924/- provided under A II (1)(&) "Octroi establishment" in the current year's budget

I have the honour to be,

Sir,

Your most obedient Servant
